## FOR IMMEDIATE RELEASE

### **Mid-century design icon Harry Bertoia gallery open house and drawing**

Harry Bertoia Foundation is pleased to announce a public open house event at its gallery located in St. George on Thursday, November 7, 2019. Doors open at 5 p.m. There will be a drawing and the winner will receive a Bertoia Table Tonal II valued at \$3,000.

The foundation educates the public about Mid-century modern design icon Harry Bertoia and the legacy of his art and design. Best known for his iconic Diamond chair (produced and sold by Knoll, Inc.), Bertoia was also a well-respected artist and sculptor. His monotypes and sound sculptures are collected worldwide. A collection of his work will be on view at the opening.

The open house is for everyone. Please come and enjoy an evening of Sonambient concert and refreshments. This will be a rare chance to see the artist's monotypes, and touch and play his sound sculpture in person.

Celia Bertoia, daughter of the artist and gallery director will be there to give a short talk and answer any questions.

**Time:** Thursday, November 7, 5 – 7 p.m.

**Place:** 1449 N 1400 W, Suite 11, St George, Utah (just off of Snow Canyon west of Bluff St.)

#### **Event will feature:**

- DRAWING for a reproduction Bertoia Table Tonal II, a retail value of \$3000
- Art appraisal information (we are accredited appraisers)
- Sonambient mini-concerts at 5:30 and 6:30
- 20% discount on scarves, T-shirts, silver jewelry, Sonambient recordings, etc.
- Watch a 16-minute film on Harry Bertoia with rare Sonambient footage
- For those of you traveling from afar, we can recommend fine yet reasonable accommodations.

*Have fun, ask and learn, get goodies!*
